

August Chapter Meeting

Meeting: Setting Dampers w/ Zhiwei

Time / Date: 7:00 pm Tuesday, August 1

Location: Ris Piano
43 Joseph Ct
San Rafael, CA 94903
(415) 454-9009

Zhiwei Huang will give us a demonstration of the jig(s) he uses to easily set dampers and the damper stop rail.

A national convention report will also be shared.

Minutes – June Mtg

(Yes, we skipped a month due to the national convention). We welcomed visitors Clayton and Ramin. Treasurer's report indicates ~\$19k after deposits. Randy shared her experience with a "howling" upright plate; ask her for a recording.

Margie Williams first hosted a wonderful potluck dinner at San Francisco State University, and then gave us a detailed look at 1950's era Steinway damper wire screws. Yes, not all screws are created equal, even from the same "manufacturer". Screw heads may allow varying degrees of purchase and screw threads may slip depending on the bushing / collet material (or absence of bushing!). Care must be exercised to not accidentally rotate a tight collet or strip a screw. Varying degrees of fixes exist from new new screws to glued collets to boring and plugging and new collets (to just replacing the set). Bottom line: look carefully at your screws!

September Meeting (and beyond)

Again thank you to all the future technical talk hosts and speakers.

- **September:** Douglas Braak
- **October:** Larry Lobel
- **November:** Paul Barton
- **December:** Holiday Party!

Of course, please chime in if you know any interesting guests coming to town who'd like to speak, or if you just want to screen a great piano film.

Need a Book / Leave a Book

Paul Barton is the SFPTG librarian. So if you have old books or catalogs you'd like off your shelf, feel free to donate.

RPT Exam Pre-screening

Any associate getting ready to take an RPT exam (technical or tuning) is strongly encouraged to get "pre-screened." This is an opportunity to have an experienced RPT assess your skill and make a recommendation regarding your chances of success. You can make arrangements with any RPT who is willing to pre-screen you, who you feel comfortable working with and who is familiar with the current version of the exam for which you are preparing.

Chapter Library

The San Francisco PTG Chapter's Library contains many books, manuals, tapes, videos and other materials useful to both experienced piano technicians and those learning the trade. A mostly-current list of library contents can be found on the chapter website at www.sfptg.org.

Only chapter members may borrow library materials. To arrange for a loan, contact Paul Barton at (510) 689-1239, or gr8horizon@gmail.com. Materials can be picked up from or returned to Paul in Albany or at chapter meetings.

In order to promote the highest standards of professional conduct of Piano Technicians Guild members, and to foster a relationship of trust between PTG members and their clients, this Code of Ethics constitutes the standards for which each member will be held accountable, and to which each member agrees upon joining PTG.

1. I will act honorably and in a professional manner.
2. I will uphold the principles of honesty and integrity for which the Piano Technicians Guild stands.
3. I will represent my education, training, experience and area of expertise honestly and accurately.
4. I will uphold the Mission, Objectives and Principles of the Piano Technicians Guild.
5. I will render the best possible service, under the circumstances, always keeping the best interests of my client in mind.
6. I will strive to upgrade my professional skills and I will encourage and help others to do the same.
7. I will use the name and trademarks of the Piano Technicians Guild properly and will encourage others to do the same.
8. I will promote good will towards my profession and towards the music industry.
9. I will engage only in business practices that are in accord with the antitrust guidelines as set forth by the Piano Technicians Guild.
